Chair Decor Ideas

While there's nothing wrong with leaving rented reception chairs exactly as they come, decking out the bride and groom's seats, specifically, is a fun, simple way to bring personality to your wedding.

From floral arrangements, to whimsical signs, and leafy garlands, chair backs can be as simple or ornate as you'd like. The following chair decor is suitable for both chiavari chairs and chairs with white linen covers, and most can be done to match your colour theme.

Chair End Ideas

Buckets of flowers, a few sprigs of greenery or small decor items are great ideas for chair ends, and add serious style to your ceremony. Aisle markers not only help to define the space, they also add fresh ambiance to the room.

We can create any of the following ideas for traditional chairs with white covers, chiavari chairs or wooden bistro chairs - whatever seats you choose to have at your venue.

We can arrange most of the aisle decor to match your colour theme, and of course if you have any other ideas, please let us know and we can work from bespoke.

Table Plan Stands

Having an organised seating plan at your wedding helps everything to run smoothly, and means your guests can avoid the mad panic of trying to find a seat. The wedding reception lasts about 3-5 hours and is a huge part of your big day, so it's important you've got it sorted.

If you want to create something a little different with your seating plan why not name the tables after things you and your hubby-to-be love? This also avoids the awkward hierarchy of table numbers too!
